**Safety:** Australia is a comparatively safe place to live with a relatively low crime rate, but students must take the necessary precautions to protect themselves, just like they would at home. Looking after their safety, health and overall wellbeing is important, especially while dealing with the added stresses of being in a new country and adjusting to a new way of life. Please refer to the following website for safety tips in Australia:

<https://www.studyinaustralia.gov.au/English/Live-in-Australia/Health-and-safety>

**Jobs:** The allowable work hours cap for international students was relaxed during the pandemic to help meet workforce shortages. From 1 July 2023, the Australian Government has announced that the work restrictions for student visa holders will be reinstated and capped at the increase rate of 48 hours per fortnight during any period when the student's course of study or training is in session and they must not engage in work before the course for which the initial student visa was granted commences.

A fortnight means a period of fourteen (14) days, commencing on any Monday and ending on the second following Sunday. Please note: No work restriction (limits) applies during recognised periods of holidays (i.e. any scheduled course breaks and official Magill College Sydney holidays). For further information, please refer to the following website: <http://www.homeaffairs.gov.au/Trav/Stud/More/Visa-conditions/visa-conditions-students>

There are a number of ways to find work in Australia. You can find job advertisements in local newspapers and on websites such as <http://www.seek.com.au>, <http://www.careerone.com.au> and <https://www.adzuna.com.au/>.

**Travel:** Australia is one of the top tourist destinations in the world. Many tourism activities in Australia are based on cultural festivals, such as Chinese New Year and the Sydney Festival in January. Australia is famous around the world for its unique sporting events like surf carnivals, Test series (Cricket) Australia vs. India, the Australian Formula One Grand Prix, the Melbourne Cup, and the Australian Tennis Open. Other attractions that appeal to travellers are Australia's unique flora and fauna, national parks, beaches, reefs, lakes, rivers, deserts and the Kimberley region in far north Western Australia, which is one of the oldest geological areas on earth. The world renowned theme parks on the Gold Coast (e.g. Sea World and Movie World) are very popular and the Gold Coast is one of the most popular destinations both for domestic and international visitors in Australia.

Aboriginal Australia is about sharing the world's most ancient living culture, best expressed through art, storytelling, dance, music and the land itself. For the adventurous traveller, this means learning about traditional Aboriginal practices as well as contemporary interpretations. Australia's major cities including Sydney, Melbourne, Adelaide and Brisbane showcase the nation's young and free-spirited way of life. Here, visitors can enjoy our outdoor lifestyle, see Australia in its architecture and fashion, experience it in its multicultural precincts, shops, theatres and bars, observe it in our people, taste it in our food and smell it in our oceans and bushland.

<p>Security Procedures</p>	<p>Security problems and violations cannot be addressed in a constructive and preventative manner unless the College management knows or is advised about them. At Magill College Sydney, we believe security is the responsibility of all staff and students. Therefore, our policy puts great emphasis on reporting of incidents as they occur, or may look to be occurring and how they can be prevented.</p> <p>Even where the study environment appears to be a slightly informal atmosphere, it is important that students abide by the following:</p> <ul style="list-style-type: none"> <li>• Do not leave any doors or windows open or unlocked. They should all be checked prior to departure.</li> <li>• Do not leave any personal belongings or valuables unattended.</li> <li>• Ensure that all PCs are shut down/switched off properly as directed by your trainer/assessor.</li> <li>• When you see anything of a <b>suspicious nature</b>, report to your trainer/assessor - or if he/she is not available, contact reception (who may contact the police).</li> <li>• If you see a stranger wandering around the College, or someone who is <b>not a student</b>, please report to a staff member immediately.</li> <li>• If your friends or relatives visit and come to this premises, please report to reception.</li> </ul> <p>The above are only examples and staff/student responsibility is not limited to these incidents. Written report should be prepared immediately after any security related incidents occur, and it should include information of who, what, when, where, why and other aspects of the incident. If time is critical, please supply these details over the phone and confirm them at a later stage in writing.</p>
<p>Fire Prevention</p>	<p>It is the duty of each one of us (management, staff and students) to help prevent fire. Always be aware of the danger of fire:</p> <ul style="list-style-type: none"> <li>• Smoking is not allowed anywhere in the building.</li> <li>• Never use damaged electrical cables, power points or other electrical equipment.</li> <li>• Report any faulty electrical problem to the Principal and/or the Administration Manager.</li> </ul>
<p>Emergency Evacuation Procedures</p>	<p>Emergency Evacuation Procedures are also an integral component of Work Health and Safety.</p> <p>In the unlikely event of an emergency that requires the evacuation of the campus, <b>ALL</b> students are to follow the instruction of their trainer/assessor and the fire safety <b>Warden</b> being the <b>Principal</b> or the Administration Manager and in their absence Administration Assistant Manager(s) if working at the time an alarm is sounded.</p> <p><b>STAGE 1: ALARM SIGNALS</b></p> <p>There are two alarm signals that may sound throughout the building. The <u>Alert</u> tone, “<b>beep, beep, beep</b>” identifies all building occupants of an impending emergency. This tone indicates PREPARE to evacuate. Staff and students are <u>NOT</u> required to evacuate yet and are to await further instructions of their trainer/assessor and the fire safety <b>Warden</b>.</p> <p>The <u>Evacuation</u> tone, “<b>whoop, whoop, whoop</b>” indicates that building evacuation is required and everyone leave the building immediately. <b>Do NOT use the lift.</b></p> <p><b>STAGE 2: COMPLETE EVACUATION OF THE ENTIRE FLOOR</b></p> <p>When evacuating the building, <b>WALK</b> smartly to the nearest safe <b>EXIT</b> fire door, <b>do NOT run</b>. Go down the fire stairs in single-file, utilising the handrail next to the handrail at all times (fire fighters must have space to come up the stairs). Fire <b>EXIT 1</b> is located opposite reception. Fire <b>EXIT 2</b> is located at the rear end of the floor next to the Classroom 5. <b>Do NOT use the lift.</b></p> <p>Emergency exits are signposted and there are diagrams located in classrooms, hallways and other areas that indicate the approximate exit to use. The impacts of most of these are discussed in this Student Handbook.</p> <p>Working with others within the College is not a function of the law but rather as existing in a free and amiable study environment. This requires maturity and at times, common sense and understanding. If you have any concerns about how you should act, speak with your Trainer, Principal, or the Administration Manager. Breaching an Australian law for which you could be charged may affect your stay in Australia.</p> <p>Basically, you must recognise the rights of others and respect other cultures.</p>

<p>Discrimination, Harassment, Bullying and Victimisation</p>	<p>Magill College Sydney believes that staff and students are the College's most valuable assets. It is well recognised that ignoring workplace discrimination, harassment, or what some might regard as bullying, can have serious consequences. Given that Magill College Sydney seeks to attract and retain talented employees from all backgrounds and to maintain enhanced workplace morale, we are determined to provide a workplace free of harassment, victimisation, bullying and upholding of State and Federal laws pertaining to any form of discrimination.</p> <p>The NSW Anti-Discrimination Board defines <b>harassment</b> as any type of behaviour that the other person does not want and does not return. Harassment is unwelcome, unsolicited and non-reciprocated behaviour and it is based on an inappropriate assumption of power. Harassment may be intentional or unintentional and it may take many forms, such as verbal, written or physical. Regardless of the form it takes, the distress caused to the victim can be the same.</p> <p>This may include harassment because of age, race, sex, physical features, pregnancy or potential pregnancy, breast feeding, marital status, homosexuality or gender identity, parent or carers' responsibility, national origin, religious affiliation, physical, psychiatric or intellectual disability, handicap or impairment and/or association with a person who is identified by reference to any of the above attributes.</p> <p><b>Bullying</b> refers to something that prevents some individuals experiencing the rights to a safe learning environment. It occurs when people use power wrongly and when a victim receives repeated threats or actions that are unwanted from an individual or group possessing more power. Bullying is violent behaviour because the victim is intentionally and frequently caused pain and misery by the bully. This may be through physical acts (pushing, punching etc.) or verbal abuse (name-calling, insults, ridicule, gossip, rumours or lies) or other actions that are deliberately used to cause pain, hurt and humiliation.</p> <p>Commonwealth and State legislation refers to <b>victimisation</b> as a situation where a person is threatened because they are making or proposing to make a complaint under the Australian Human Rights Commission Act 1986 or the NSW Anti-Discrimination Act 1977.</p> <p>Victimisation is unacceptable and will not be tolerated. Magill College Sydney will not allow a person making a complaint, or assisting in the investigation of a complaint, to be victimised.</p> <p>Magill College Sydney <b>will not tolerate</b> discrimination, harassment, bullying, victimisation or any such conduct that has the purpose or effect of interfering with an individual's work performance or creating an intimidating, hostile, or an offensive learning environment.</p>
<p>Sexual Harassment</p>	<p>Sexual harassment is a form of discrimination and constitutes any unwelcome behaviour of a sexual nature, which humiliates, intimidates or offends another person.</p> <p>Some instances of sexual harassment are more obvious than others. The best policy is to always be cautious and be sensitive to the perceptions of others. Behaviour that some people find amusing, may offend others. Some examples of sexual harassment (the following list is by no means exhaustive) are:</p> <ul style="list-style-type: none"> <li>• Persistently asking somebody out, even though they have declined;</li> <li>• Intrusive questioning about a person's private life;</li> <li>• Sending emails containing sexist or racist jokes;</li> <li>• Displaying pornography; and</li> <li>• Deliberately brushing up against or touching somebody.</li> </ul>

3. Such conduct, when experienced or observed, should be reported immediately to your trainer/assessor.
4. If you do not feel comfortable to report this incident to your trainer/assessor, then please talk to your Principal *and/or any other staff member you feel you can discuss this with*, and with whom you feel the most comfortable with.

Complaints and Appeals Procedure

Magill College Sydney seeks to provide learning in a supportive and fair environment with a policy and procedure in place to allow students to lodge a formal complaint or appeal if the matter cannot be resolved informally.

### Informal Complaints Resolution Procedures

1. Students are encouraged to resolve concerns or difficulties directly with the person(s) concerned in the appropriate manner to reach a solution agreeable to all parties. Minor issues of concern would also be documented as soon as they are addressed and/or resolved to the satisfaction of all parties concerned.
2. Students may discuss any informal issues related to their course with their Trainer, Principal, the Administration Manager or any other administration staff whom they feel comfortable to discuss the matter with as part of the informal complaints resolution process.
3. The Administration Manager or the Principal will provide students with counselling, if required.

### Formal Complaints/Appeal Resolution Procedures

If students cannot resolve a complaint through informal discussions or wish to appeal against a decision made by Magill College Sydney or its staff, students may lodge a formal complaint or appeal.

Where students lodge a formal complaint or appeal, they are expected to maintain their enrolment throughout the appeal process and they are informed that they must continue their course and attend all classes while their appeal is being considered and finalised. No fee is charged for a student to lodge a complaint or an appeal.

### Stage One

If the matter is not resolved, students will be given an option to proceed under a formal complaints process as explained below. The initial contact person/counsellor (i.e. the Principal or the Administration Manager) may assist the student with the [Student Complaint Form](#) (if the student requires assistance). This completed form must be submitted to the initial contact person/counsellor either via email (Email: [admin@magill.edu.au](mailto:admin@magill.edu.au)), in person (during normal business hours – Monday to Friday between 9am and 5pm) or by mail (addressed to: The Administration Manager, Magill College Pty Ltd, Level 4, 388 Sussex Street, Sydney, NSW 2000).

1. Receipt of the completed form will be acknowledged within two (2) working days and the complaints process will commence within ten (10) working days from the date of receipt of the complaint.
2. The College Principal or his nominee (“the College Representative”) will then, if necessary, seek to clarify the issues in the complaint and provide an objective outcome.
3. When such clarification occurs in a face-to-face interview with the complainant, he/she would have an opportunity to formally present his/her case and he/she has the right to have a witness and/or support person present at any stage of the relevant complaint resolution meetings.
4. The College Representative will then endeavour to resolve the issue objectively with details provided in writing to the complainant within twenty (20) working days, including the outcomes and the reasons for the decision.
5. In straightforward cases, the signed [Student Complaint Form](#) is used as written evidence of the outcome of the complaint including reasons and steps that will be taken to address the complaint. However, in more complex cases, the student will be provided with a written complaints report of the outcome. This report will include the details of any actions and clearly state the reasons for the decision made and it will be provided to the student within twenty (20) working days.

### Stage Two

1. If the complainant is dissatisfied with the outcome of the Stage One Complaints Resolution Procedure, or their concerns remain unresolved, he/she has the option to proceed with an appeals process. The Administration Manager may assist the student with the Student Appeals Form, if the student requires assistance. This form must be submitted to the Administration Manager either via email (Email: [admin@magill.edu.au](mailto:admin@magill.edu.au)), in person (during normal business hours – Monday to Friday between 9am and 5pm) or by mail (addressed to: The Administration Manager, Magill College Sydney, Level 4, 388 Sussex Street, Sydney, NSW 2000).
2. Receipt of the completed form will be acknowledged within two (2) working days and the appeals process will commence within ten (10) working days from the date of receipt of the complaint.
3. The College Principal or his nominee (“the College Representative”) will then, if necessary, seek to clarify the issues in the appeal and provide an objective outcome.
4. When such clarification occurs in a face-to-face interview with the appellant, he/she would have an opportunity to formally present his/her case and he/she has the right to have a witness and/or a nominated support person present at any stage of the relevant appeal resolution meetings.
5. The College Representative will then endeavour to resolve the issue objectively with details provided in writing to the appellant within twenty (20) working days, including an outline of the appeal outcomes and the reasons for the decision.
6. In straightforward cases, the signed [Student Appeals Form](#) is used as written evidence of the outcome of the Appeal, including reasons and steps that will be taken to address the Appeal’s outcomes. However, in more complex cases, the student will be provided with a written Appeal Report that documents the outcome of the Appeal. This report will include the details of any actions, clearly stating the reasons for the decision made and it will be provided to the Appellant within twenty (20) working days.

### Stage Three

Depending on the type of complaint, if the appellant is dissatisfied with the outcome of Stage One of the Complaints Resolution Procedure, or their concerns remain unresolved he/she has the option to contact the **Overseas Students Ombudsman** for an external appeal by referring to <https://www.ombudsman.gov.au/about/how-can-we-help-you> or 1300 362 072.

In most cases, the purpose of the external appeals process is to consider whether Magill College Sydney has followed its policies and procedures – it is not to make a decision in place of Magill College Sydney.

1. If the appellant decides to proceed with an external appeal, he/she must do so within ten (10) working days of the notification of decision record from the internal appeal process and shall notify Magill College Sydney of this within this timeframe, *so that sufficient time is allowed to enable students to complete all course requirements within the expected course duration, as specified in each student’s CoE.*
2. Magill College Sydney agrees to be bound by the external appeal body’s recommendations, ensure that any recommendations are implemented by the appropriate staff, and that the appellant is informed in writing of the outcome of the external appeals process.

<p>Flexible Learning Strategies &amp; Assessment Procedures</p>	<p>Flexible learning and assessment procedures form part of our learning and assessment strategies and are integral to the concept of competency-based training. We customise our training and assessments to meet students' specific needs.</p> <p>If you are having difficulty achieving competency in a study Block please discuss the matter with your trainer/assessor and where possible alternative learning/assessment strategies will be provided to you.</p>
<p>Competency Based Training</p>	<p>You are participating in a course of competency-based training.</p> <p>Qualifications are made up of units of competency. These tell us the skills and knowledge recognised as necessary to perform effectively in a particular workplace or role. Each industry area divides these skills and knowledge into related categories that form National Competency Standards for specific industry areas.</p> <p>The National Competency Standards provide a framework for training and assessment and tell us what skills and knowledge an employee at a particular level within a specific industry should be reasonably expected from courses/units graduates.</p> <p>Competency means being capable of completing tasks to industry or workplace standards. The student being assessed will be required to provide evidence that they can use the acquired knowledge and skills to meet identified standards or criteria as evidenced in their performance of trained tasks.</p>
<p>Training Packages</p>	<p>A Training Package is a set of nationally endorsed standards, guidelines and qualifications used to recognise and assess the skills and knowledge people need to perform effectively in the workplace. Training packages are developed by industry to meet the training needs of an industry or group of industries. Training Packages are a key resource for RTOs in the delivery of structured, accredited training.</p> <p>A Training Package states what competencies need to be achieved but does not prescribe how an individual should be trained. National Training Package currently been used by Magill College Sydney for various courses is BSB – Business Services Training Package. Further information regarding BSB – Business Services Training Package can be accessed at: <a href="http://www.training.gov.au">www.training.gov.au</a></p> <p>All training packages contain mandatory or “endorsed” components:</p> <ul style="list-style-type: none"> <li>• Units of competency, which express the industry competency standards and include elements of competency, performance criteria, a range of variables and an evidence guide;</li> <li>• Assessment guidelines, which set out conditions for establishing that competency has been met;</li> <li>• Qualifications, explains each qualification and relationships between them.</li> </ul> <p>Training packages may also contain a range of materials designed to assist with training and assessment. These are not mandatory and are known as “non-endorsed components”.</p>
<p>Assessment</p>	<p>Assessment is the means by which we determine whether or not a competency has been achieved. It is the process of collecting evidence and making judgements about the extent to which a person demonstrates the knowledge and skills as set out in the standards or learning outcomes of a unit of competency. For an effective assessment system in a competency environment, some basic principles must apply.</p> <p>Underlying principles of assessment:</p> <p><b>1. Validity</b></p> <p>The assessments actually assess what they claim to assess and what they have been designed to assess. Validity of assessment is when Assessors are fully aware of what is to be assessed, as indicated by the standards of competence, including clearly defined performance criteria.</p> <p>Appropriate evidence is collected from activities that can be clearly related to the units of competency.</p> <p><b>2. Authenticity</b></p> <p>The evidence collected is authentic that is, actually comes from valid sources and is directly attributable to the skills and knowledge of the individual being assessed.</p> <p><b>3. Reliability</b></p> <p>Reliable assessment uses methods and procedures that ensure that the competency standards are interpreted and applied consistently from person to person and from context to context. The following are important to ensure that assessment produces consistent outcomes:</p> <ul style="list-style-type: none"> <li>• Clear, unambiguous, well documented assessment procedures and competency standards;</li> <li>• Clear, consistent and specific assessment criteria;</li> <li>• Effectively trained, briefed and monitored assessors;</li> <li>• Adequate assessors across industries and a hierarchy of assessment which ensures a quality outcome; and</li> <li>• Assessment is carried out within a system flexible enough to cope with multiple and diverse forms of evidence.</li> </ul> <p><b>4. Consistency</b></p>

The assessment system must ensure that evidence collected and provided for judgement is consistent across the range, without undue reliance on any small number of select workplace contexts or projects.

**5. Currency**

Under an effective system, assessment evaluates whether or not the individual's skills and knowledge are current and can be applied in today's workplace.

As a general rule, competencies that have not been demonstrated within the past 3 years are not usually accepted as "current". However, an assessor, under some circumstances may make exceptions to the specified period.

There may be specific situations where skills have not been directly applied for a longer period, but these skills are in fact still current for the individual. In cases such as this, evidence from earlier periods may be admissible, and assessed for currency, within an appropriately flexible assessment system.

**6. Sufficiency**

Evidence of competency should be sufficient to cover all the elements, performance criteria and required range of variables in the standards against which assessment is to be carried out.

A tendency of many students is to provide more (or less) evidence than is actually required to prove competency against the standards. An effective assessment system ensures that students are clearly advised regarding the amount and form of evidence, which is sufficient to prove competency. This should avoid the situation where masses of evidence are provided, requiring assessors to spend more time than necessary per candidate, or too little evidence, making it difficult to judge competency.

**7. Flexibility**

Every portfolio or set of candidate evidence is unique. Each candidate will identify and develop his or her own specific set of evidence to prove competency against the standards. This set will be based on the workplace experience of the candidate and will comprise diverse types and forms of relevant and appropriate evidence.

Assessors will take a flexible approach to the assessment of evidence. Clearly, this approach must always take time and cost into account both to ensure the best use of assessor time and the best use of the student and his or her employer's time.

An assessment system must evaluate the scope of knowledge and skills covered by the criteria both performance (skills) and underpinning knowledge and understanding.

**Students are notified in advance of assessment dates and times by the Principal/Assessor or the actual Trainer/Assessor responsible for the assessment.**

Rescheduled assessment procedure

The following conditions apply to missed assessments:

**1A.** Students who know in advance of their inability to attend the scheduled assessment(s) must notify their trainer/assessor responsible for setting the assessment prior to the assessment time; and

**2A.** There are compassionate or compelling circumstances which have contributed to the student's inability to attend the scheduled assessment(s) such as:

- A serious illness or injury supported by a medical certificate stating that the student is unable to attend classes;
- Bereavement of close family members such as siblings, parents or grandparents (documentary evidence is required);
- Major political upheaval or natural disaster in their home country requiring emergency travel;
- A traumatic experience which may include being a victim of or witnessing a serious accident or crime and that these cases are supported by a medical report.

**Documentary evidence of the above compassionate or compelling circumstances together with an explanation must be supplied to the College.**

Students, who have missed assessment(s) for one of the above acceptable circumstances covered under conditions **1A & 2A**, must apply for the missed assessment(s) to be rescheduled.

**The following conditions apply to re-scheduled assessments:**

**1B.** Students must have re-scheduled and completed the assessment within five (5) weeks after being notified of the assessment result.

**2B.** Students must organise to re-schedule the assessment(s) with the Principal/Assessor.

**3B.** Students must supply a medical certificate stating that the student was unable to attend classes, or documentary evidence as stated in condition **2A**, together with an acceptable explanation.

If conditions **1B**, **2B** or **3B** are not adhered to, students will be deemed Not Yet Competent 'NYC'.

<p>Plagiarism</p>	<p>Plagiarism is using and copying someone else's work to complete the assignment, either wholly or partially, and applies to both former and current students. Attempts to disguise such plagiarism by cosmetic changes will be detected and considered as plagiarism. In particular, it is an offence to be in possession of someone else's file or printout, with or without the permission of the owner of that file or printout. Students who permit others to have access to their assignment material are equally guilty of plagiarism.</p> <p>Depending on the severity of the act, plagiarism may fall under misconduct. This includes 'contract cheating' in which a student outsources their work to a third party, whether that is a commercial provider, current or former student, family member or acquaintance, and systematic plagiarism which is the act of repeated plagiarism whether using and copying someone's work to complete the assessment or permitting/colluding with others to access their assessment.</p> <p>Where it is suspected that a student is cheating, the trainer/assessor will take note of the conduct. If the cheating is by way of notes, the notes will be confiscated and/or access to facilities may be suspended and the student will be asked to leave the classroom. The student will be advised that they will be deemed Not Yet Competent in that component of the assessment.</p> <p>A notification may be sent to the student to formally notify them of the failure and further investigate the breaches and likely consequences.</p> <p>The Principal will be informed, if not already aware, and a 'NYC' result will be made on the assessment cover sheet for that particular assessed unit of competency for that student.</p> <p>Evidence confiscated or notes taken by trainer/ assessor will be kept in the student file. This is so that if any further instances occur, appropriate disciplinary action may be taken.</p> <p>If there is uncertainty, the trainer/assessor will call on the Principal and/or other Assessors or a verifier for assistance and guidance, as required. In such a case, the situation must be fully documented, with appropriate feedback being provided to the student at all stages.</p>

## Fairness and Equity

An assessment system and its processes must not disadvantage any student or staff. All eligible students must be guaranteed access to assessment, which does not discriminate on any basis. Assessment guidelines must include an approach for working with students who have special needs.

To Magill College Sydney these principles of the assessment system must exhibit the following characteristics:

- The standards, assessment processes and all associated information are straight forward and understandable;
- The characteristics of potential students are identified, to enable all potential assessment issues to be identified and catered for;
- The chosen processes and materials within the system of assessment do not disadvantage students;
- An appropriate and effective review and dispute resolution mechanism is in place to investigate, examine and redress any issue of unfairness or disadvantage identified, involving access, assessment, certification or any other related issue; and
- Where potential disadvantages are identified, the system is amended to avoid or counter them, or appropriate steps taken to overcome them including reassessment if required.

## Forms of Evidence

In general, basic forms of skills evidence include:

1. Direct performance evidence
  - Current or from an acceptable past period;

  - Simulations, including competency and skills tests, projects, assignments
2. Supplementary evidence, from:
  - Oral and written questioning;
  - Personal reports; and
  - Witness testimony.

Appropriate and valid forms of assessment utilised for both skills and knowledge may include:

- Evaluation of direct products of work;
- Natural observation;

	<ul style="list-style-type: none"> <li>• Skill tests, simulations and projects;</li> <li>• Evaluation of underpinning knowledge and understanding;</li> <li>• Questioning and discussion; and</li> <li>• Evidence from prior activity.</li> </ul> <p>Assessments should not be treated as a stressful activity. They are conducted in a relaxed and friendly atmosphere. Do not regard your assessment as an examination. Your trainer/assessor simply needs to know which competencies from your course you have mastered, and which competencies require further practice and will be flexible in the assessment method used. It is in your long-term interests to ensure that all of the skills necessary for the workplace outcome have been mastered; our aim is to help you to learn those skills in the right way.</p>
<p>Students with Special Needs</p>	<p>In line with Magill College Sydney Access and Equity practices, students with “special needs” are offered the same opportunities as any other students. Our training and assessment programs will take special needs into consideration from the planning stage onwards and adopt flexible learning and assessment methods as appropriate.</p> <p>As “special needs” extend to more than identified physical or learning difficulties, trainers and assessors will need to consider the best approach when dealing with candidates with needs such as low literacy, lack of confidence or a non-English speaking background.</p> <p>This is especially so in relation to assessment because one fundamental principle of an assessment system is that each student must have access to fair and open assessment. Depending on any specification given in the standards, the trainer/assessor may be able to accept alternative evidence from a student with special needs.</p> <p>If there is uncertainty, the trainer/ assessor will call on the Principal and/or other assessors or a verifier for assistance and guidance, as required. In such a case, the situation must be fully documented, with appropriate feedback being provided to the student at all stages.</p>
<p>Use of Personal Information</p>	<p>Information is collected during the student’s enrolment to meet the College obligations under the ESOS Act 2000 and the National Code 2018, and to ensure student compliance with the conditions of the student visa and the student’s obligations under Australian immigration laws. The authority to collect this information is contained in the Education Services for Overseas Students Act 2000, the Education Services for Overseas Students Regulations 2001, and the National Code of Practice for Providers of Education and Training to Overseas Students 2018.</p> <p>Information collected about students during their enrolment can be provided upon written request to the Australian Government Departments (i.e. ASQA, Department of Education and DHA) as well as their successors and, if relevant to the enquiry, the Tuition Protection Service (TPS) Director. In other instances information collected during the student’s period of enrolment can be disclosed without the student’s consent, and where authorised or required by Australian law.</p> <p>Students can access personal information held by the College and may request corrections to information that is incorrect or out of date. Please apply in writing to the Administration Manager using the Document Request Form available at the College Reception if you wish to view your own records.</p>
<p>Releasing and transferring students to another RTO</p>	<p>Transfer and/or release may be considered following a formal application by the student using the Document Request Form. The student’s request may be accepted by the College after or at any time during the Complaints and Appeals process for up to 6 months after commencing the principal course at Magill College Sydney. An application for a release or transfer may be refused when:</p> <ul style="list-style-type: none"> <li>• A letter of offer from another college, university or school has not been presented;</li> <li>• When there are personality issues between an instructor and the student or between students that may be resolved by mediation;</li> <li>• Unacceptable physical or verbal aggression by a student;</li> <li>• When there are outstanding fees due for education training already received;</li> <li>• When the student has not completed required assessments and is requesting to have a statement of attainment issued;</li> <li>• The complaints process has not been completed or the appeals process has not commenced;</li> <li>• Violating any common law (in which case the enrolment may be terminated); and</li> <li>• Other exceptional circumstances.</li> </ul>

	<p>Transfers will be recorded in PRISMS stating the date of effect and reason for student's release or its refusal. The College is no longer required to issue an actual release letter, however it will notify the student of any intentions to refuse transfer requests.</p> <p>The College will not finalise the refusal in PRISMS until the overseas student has been given an opportunity to access the Complaints and Appeals process within the 20 working day period, the overseas student has chosen not to access the Complaints and Appeals process, or withdraws from the process, or if the appeal finds in favour of the College.</p> <p>If a release is granted, it will be at no cost to the student provided no outstanding fees are overdue, and the student is advised to contact Immigration to seek advice on any potential impacts on their visa, including the need to obtain a new visa.</p> <p>A cancellation of a Confirmation of Enrolment (CoE) does not mean that the student has been released from the previous registered provider; however after 6 months from the commencement of the principal course, the student may transfer to another provider without their release.</p>
<p>Extending the duration of student's study</p>	<p>Magill College Sydney may extend the duration of your study where it is clear that you will not complete the course within the expected duration, as specified on the CoE, as the result of:</p> <ul style="list-style-type: none"> <li>(a) Compassionate or compelling circumstances such as illness where a medical certificate states that the student was unable to attend classes;</li> <li>(b) Where Magill College Sydney has implemented the intervention strategy for students who were at risk of not meeting satisfactory course progress; or</li> <li>(c) An approved deferment or a temporary suspension of study has been granted.</li> </ul> <p>If a student has a question or issue about their student visa they may make an appointment to consult our administration team. ## A description of the ESOS framework—providing quality education and protecting your rights

The Australian Government wants overseas students in Australia to have a safe, enjoyable and rewarding place to study. Australia's laws promote quality education and consumer protection for overseas students. These laws are known as the ESOS framework and they include the *Education Services for Overseas (ESOS) Act 2000* and the National Code 2018.

### Protection for overseas students

As an overseas student on a student visa, you must study with an education provider and in a course that can be found on the Commonwealth Register of Institutions and Courses for Overseas Students (CRICOS) at <http://cricos.education.gov.au>. CRICOS registration guarantees that the course and the education provider at which you study meet the high standards necessary for overseas students.

Please check carefully that the details of your course – including its location – match the information on CRICOS.

### Your rights

The ESOS framework protects your rights, including:

- your right to receive, before enrolling, current and accurate information about the courses, fees, modes of study and other information from your provider and your provider's agent. If you are under 18 ([please note all students must be 18 years of age or above to be able to enrol in any of the Magill College courses](#)), to ensure your safety, you will be granted a visa only if there are arrangements in place for your accommodation, support and welfare.
- your right to sign a written agreement with your provider before or as you pay fees, setting out the services to be provided, fees payable and information about refunds of course money. You should keep a copy of your written agreement.

The Tuition Protection Service (TPS) is a placement and refund service for international students, which is activated in the event that your provider is unable to teach your course. Visit the TPS website for more information, at [www.tps.gov.au](http://www.tps.gov.au)

The ESOS framework sets out the standards Australian providers offering education and training services to overseas students must meet. These standards cover a range of information you have a right to know and services that must be offered to you, including:

- orientation and access to support services to help you study and adjust to life in Australia
- who the contact officer or officers is for overseas students
- if you can apply for course credit
- when your enrolment can be deferred, suspended or cancelled
- what your provider's requirements are for satisfactory progress in the courses you study and what support is available if you are not progressing well
- if attendance will be monitored for your course, and
- a complaints and appeals process.

One of the standards does not allow another education provider to enrol a student who wants to transfer to another course, but has not completed six months of the final course of study you plan to undertake in Australia. If you want to transfer before you have completed six (6) months of your final course you need your provider's permission.

### Your responsibilities

As an overseas student on a student visa, you have responsibilities to:

- satisfy your student visa conditions
- maintain your Overseas Student Health Cover (OSHC) for the period of your stay
- meet the terms of the written agreement with your education provider (i.e. Magill College Sydney)
- inform your education provider if you change your address
- maintain satisfactory course progress
- if attendance is recorded for your course, follow your provider's attendance policy, and
- retain a copy of the written Agreement ("*Letter of Offer and Student Agreement*"), as provided by Magill College Sydney, and copies of receipts of any payments of tuition fees or other non-tuition fees made, as applicable.

### Monitoring Course Progress Policy

#### 1. Policy:

- 1.1 Magill College Sydney is committed to ensuring that all students are supported throughout their course of study to assist them to achieve the qualification for which they have enrolled and to ensure they comply with government legislation regarding academic Course Progress.
- 1.2 All international students are required to comply with condition 8202 of their student visa. This means maintaining satisfactory Course Progress for each 10 week study period of 2 consecutive Blocks.
- 1.3 Students must attain “Competent” in all assessment tasks within every 10 week study period of 2 consecutive Blocks to achieve satisfactory Course Progress.
- 1.4 Magill College Sydney will identify, notify, implement and monitor an intervention strategy in relation to students who are at risk of failing to meet course requirements.
- 1.5 If a student fails to meet satisfactory Course Progress in a second consecutive study period, Magill College Sydney will notify the student in writing of its intention to report the student to the Secretary of the Department of Education (DoE) through PRISMS after the prescribed 20 working days for Unsatisfactory Course Progress in two consecutive study periods. This action will automatically alert the Department of Home Affairs (DHA) and the student’s visa may be cancelled.
- 1.6 If a student considers there are reasons why they should not be reported through PRISMS, the student may appeal against Magill College Sydney’s decision. They must do so within ten (10) working days of the notification of decision record from the internal appeals process and shall notify Magill College Sydney of this within this timeframe, so that sufficient time is allowed to enable students to complete all course requirements within the expected course duration, as specified in each student’s CoE. A student may appeal if they believe one or more of the following has happened:
  - Magill College Sydney has not recorded or calculated student results correctly;
  - There are compassionate or compelling reasons which have contributed to the student’s unsatisfactory progress;
  - Magill College Sydney has not implemented the intervention strategy in accordance with our documented policies and procedures;
  - Magill College Sydney has not implemented other policies which may impact upon the students’ results e.g. assessment policy, examination policy, feedback policy;
  - Magill College Sydney has not made the College’s Course Progress policy available to students.
- 1.7 If a student chooses not to access the complaints and appeals process within twenty (20) working days, withdraws from the process, or the process is completed and a decision supports Magill College Sydney’s initial determination, the College Principal will notify the Secretary of Department of Education (DoE) via PRISMS that the student has not achieved satisfactory Course Progress as soon as practicable.

#### 2. Purpose:

The purpose of this policy and procedure is to ensure that students abide by Magill College Sydney’s requirements and the National Code 2018 as per standard 8 – Overseas student visa requirements. Magill College Sydney is required to notify and counsel students who are at risk of not meeting academic requirements.

#### 3. Scope:

This policy applies to all international students and acts to ensure that all staff at Magill College Sydney are aware of this policy.
